

VIETERA

global digital technology

<https://www.vietera.com.vn/>

GENERAL INTRODUCTION

Vietera is a technology-oriented enterprise operating with the mission of promoting digital transformation and providing innovative solutions for businesses in the 4.0 era. With a spirit of innovation and strategic thinking, Vietera aims to build a modern technology ecosystem, contributing to enhancing the competitiveness of its customers and partners.

VISION

To become a pioneer in the field of digital technology in Vietnam and abroad, providing smart, efficient, and sustainable solutions, contributing to building a comprehensively developed digital economy.

MISSION

- Providing advanced technology solutions tailored to practical needs.
 - Supporting businesses in their digital transformation journey.
 - Optimizing operational efficiency and enhancing customer experience.
- Developing high-quality technology human resources.

FIELD OF ACTIVITY

Vietera focuses on key areas:

- Digital transformation consulting & implementation
- Software & digital platform development
- Artificial Intelligence (AI) & Big Data analytics applications
- Cloud computing solutions
- Cybersecurity & information security

<https://www.vietera.com.vn/>

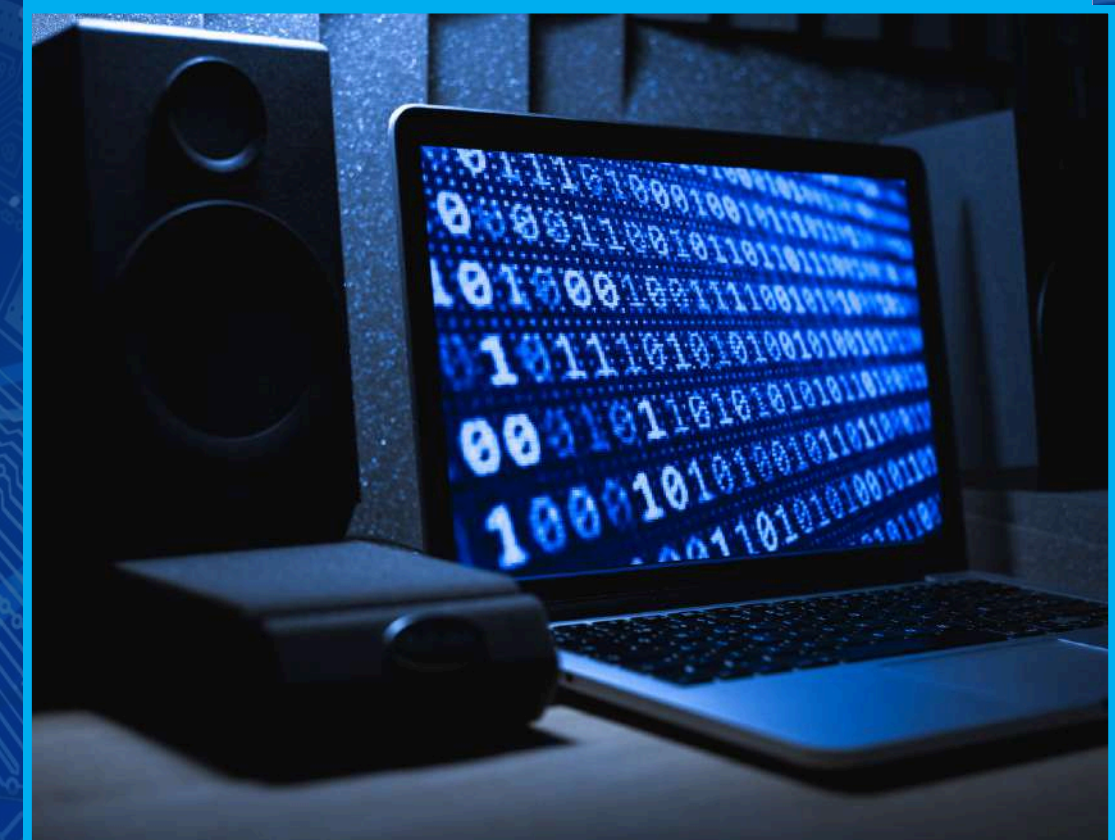

CORE VALUES

- ◆ Innovation – Always at the forefront of applying new technologies
- ◆ Reputation & Quality – Committed to effectiveness and sustainability
- ◆ Customer-centric – Solutions designed to meet real-world needs
- ◆ Collaboration & Development – Building a technology ecosystem with partners

ĐỊNH HƯỚNG PHÁT TRIỂN

In the digital age, Vietera focuses on:
Research and application of AI and automation technologies
Expanding domestic and international markets
Investing in research and development (R&D)
Building a high-quality workforce

OVERVIEW OF THE \$VTA TOKEN

VTA Token is a digital asset developed to operate and connect the entire Vietera ecosystem. The token serves as an internal payment method, an incentive tool, and a platform for creating value for the community of users, partners, and investors.

THE MAIN APPLICATION OF \$VTA IN THE ECOSYSTEM.

◆ SERVICE PAYMENT

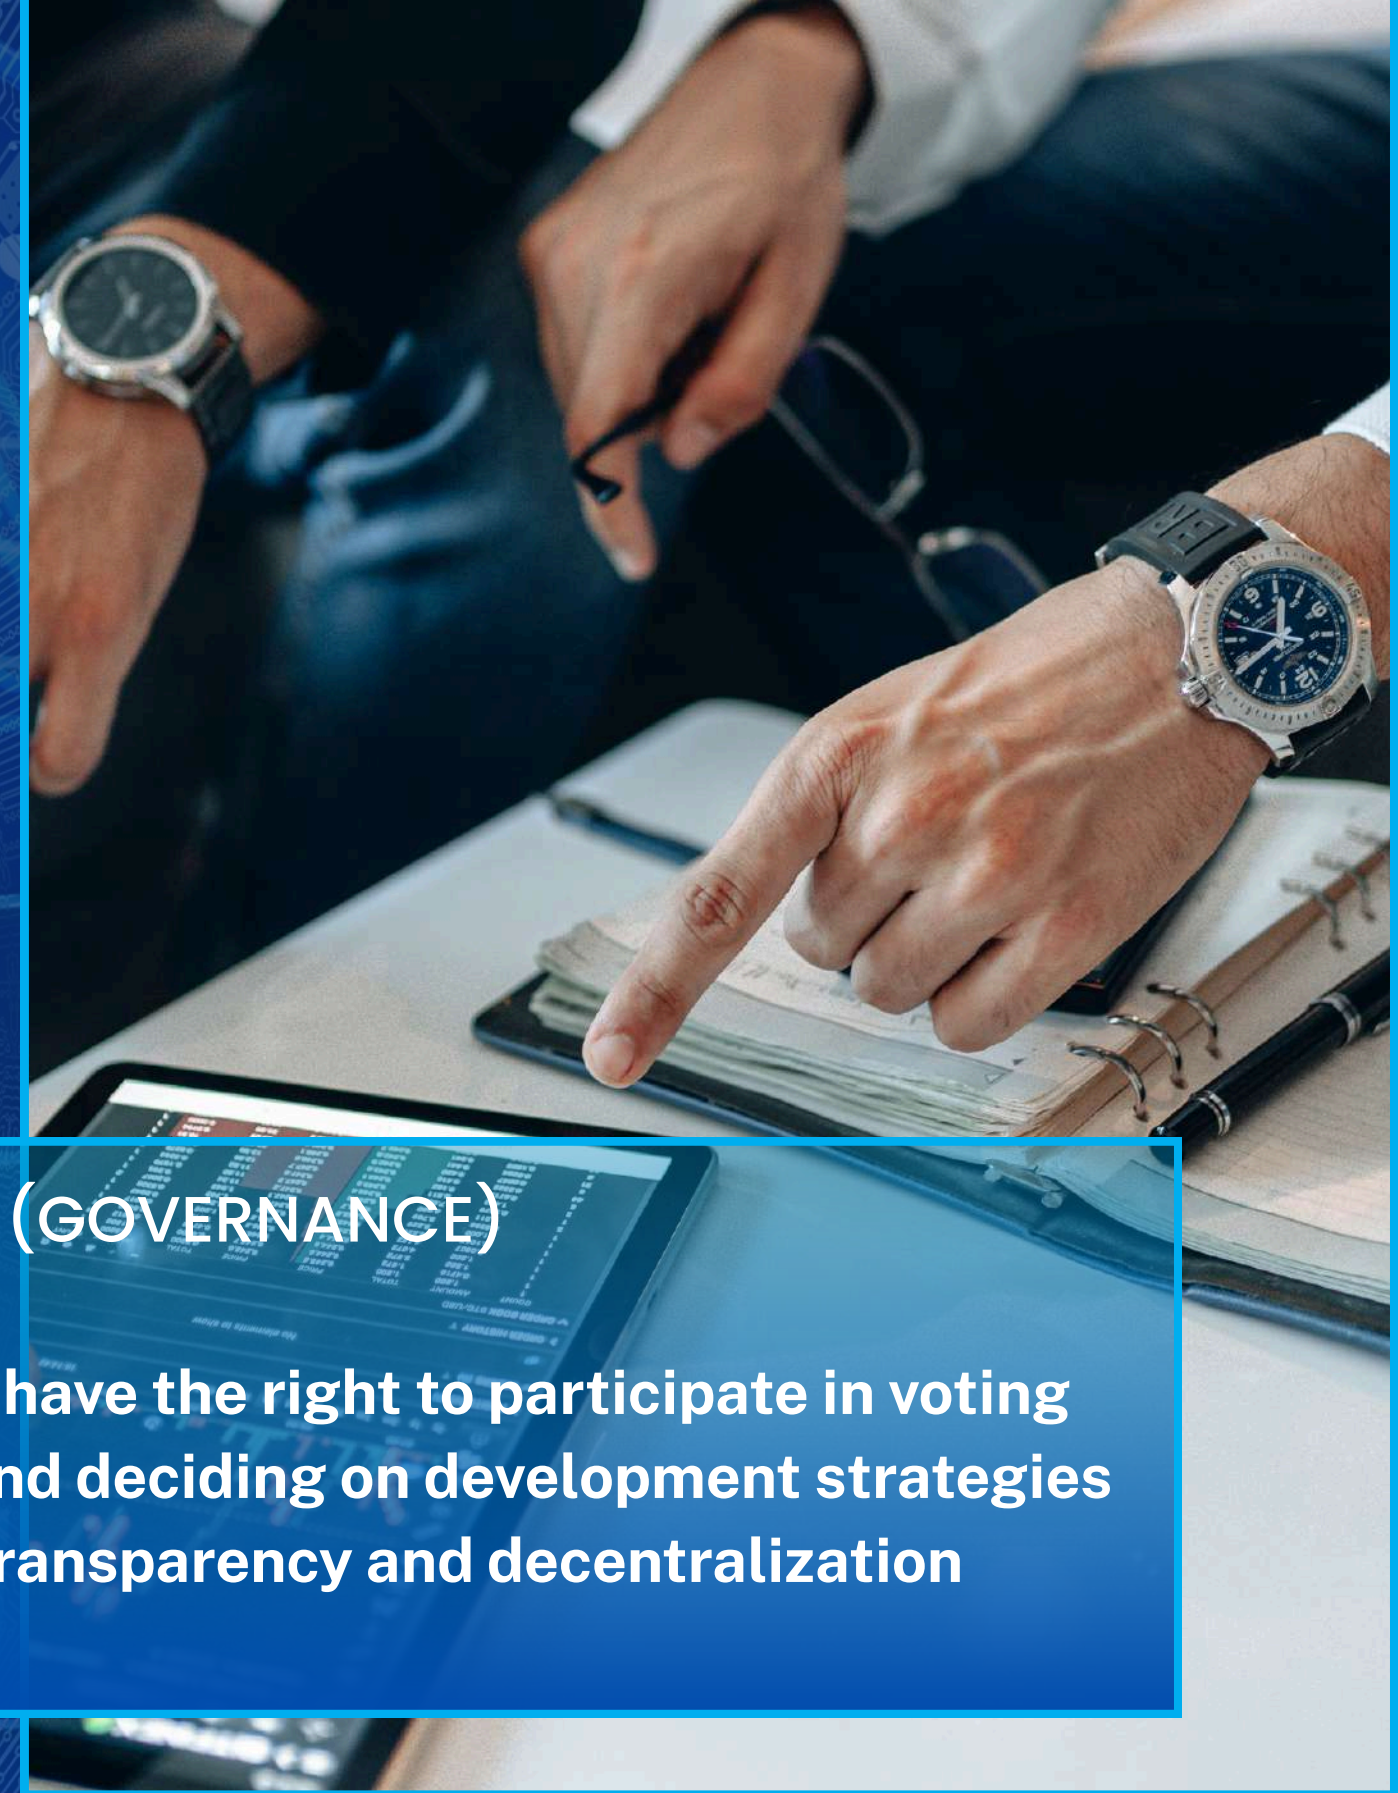

- Pay for technology products and services provided by Vietera
- Reduced fees when paying with VTA
- Transparent transactions through blockchain technology

◆ TAKING & INVESTING

- Users can stake VTA to receive periodic returns.
- Supports crowdfunding for projects within the ecosystem.
- Creates an incentive for long-term holding.

◆ ECOSYSTEM (GOVERNANCE)

- VTA owners have the right to participate in voting
- Proposing and deciding on development strategies
- Increasing transparency and decentralization

BENEFITS OF VTA TOKEN

- ✓ Enhance connectivity between users, businesses, and investors
- ✓ Increase transaction transparency
- ✓ Reduce intermediary costs ✓ Increase Vietera's brand value in the digital technology sector

In the future, \$VTA may:

- Listing on digital exchanges
- Integrating e-wallets and mobile applications
- Expanding into areas such as DeFi, NFTs, or Metaverse
- Partnering with domestic and international partners

TOKEN DISTRIBUTION STRUCTURE

✔ Total : 5.000.000 VTA

CATEGORY	PROPORTION	VTA QUANTITY	PURPOSE
(Pre-sale) Ecosystem development fund on the international Pinksale platform, creating a liquidity pool on a decentralized exchange (DEX).	48%	2.400.000	Developing the VIETERA platform
 Community & Staking Rewards	2%	100.000	User rewards
 Founding team	15%	750.000	Team & operations
 Strategic partner	10%	500.000	Collaboration & Expansion
 Public Sale	10%	500.000	Market distribution
 reserve fund	10%	500.000	price stability
 Marketing & Community Development	5%	250.000	communication

VIETERA DEVELOPMENT ROADMAP

PHASE 1 — PROJECT INITIATIVE (2026)

Q1 / 2026 — COMPLETING THE PLATFORM

Objective: Operate the core system

- Website Launch
- Completing the VIETERA Platform Ecosystem
- Officially Releasing the VTA Token
- Deploying Smart Contracts on the Solana Network
- Building an Initial User Community
- Conducting Pre-sale on the International PINKSALE Platform

Q2 / 2026 — PRACTICAL APPLICATION

- Launching the VIETERA App Beta Version
- Listing Tokens on Solana DEX

Q3 / 2026 — ECOSYSTEM EXPANSION

Objective: User Growth

- Launching VIETERA Marketplace
- Staking & Rewards for VTA Holders

Q4 / 2026 — GROWTH & STABILITY

Objectives: Standardization & Expansion

- Completing the Payment Ecosystem
- Applying Blockchain for Digital Asset Traceability
- Expanding into the Southeast Asian Market
- Preparing for Listing on Major Exchanges (CEX)
- Reaching 100,000+ Users

PHASE 2 — ECOSYSTEM DEPLOYMENT (2027)

Objectives: Practical application

- Developing big data
- Launching VIETERA Wallet e-wallet
- Integrating VTA Token payment
- Developing a system of convenience stores
- Linking farms and producers
- Listing on the international CEX exchange
- Expanding the nationwide community

PHASE 3 — MARKET EXPANSION (2028)

Objectives: User growth

- Funding for blockchain technology development fund
- Developing VIETERA Marketplace
- Application of blockchain for traceability
- Expanding into Southeast Asia
- Business & retail chain partnerships
- Staking & Rewards within the VTA ecosystem

PHASE 4 — A COMPREHENSIVE DIGITAL ECOSYSTEM (2029)

Objectives: Digital Finance & Commerce

- Deploying DeFi within the ecosystem
- Cross-border payments
- NFT for agricultural products & digital assets
- Integrating AI for supply chain management
- Developing Smart Contracts for commerce

PHASE 5 — GLOBALIZATION (2030)

Objectives: Internationalization of VIETERA

- Opening up healthcare and beauty services.
- Developing luxury.
- Virtual reality technology.
- Artificial intelligence technology with implanted chips and human brain technology.
- Self-driving car technology.
- Space exploration.
- Developing DeFi NFT (space-based) games.
- Expanding the Asia-EU market.
- Complete Web3 ecosystem.
- VIETERA Venture investment fund.
- 1M+ global users.

LONG-TERM VISION

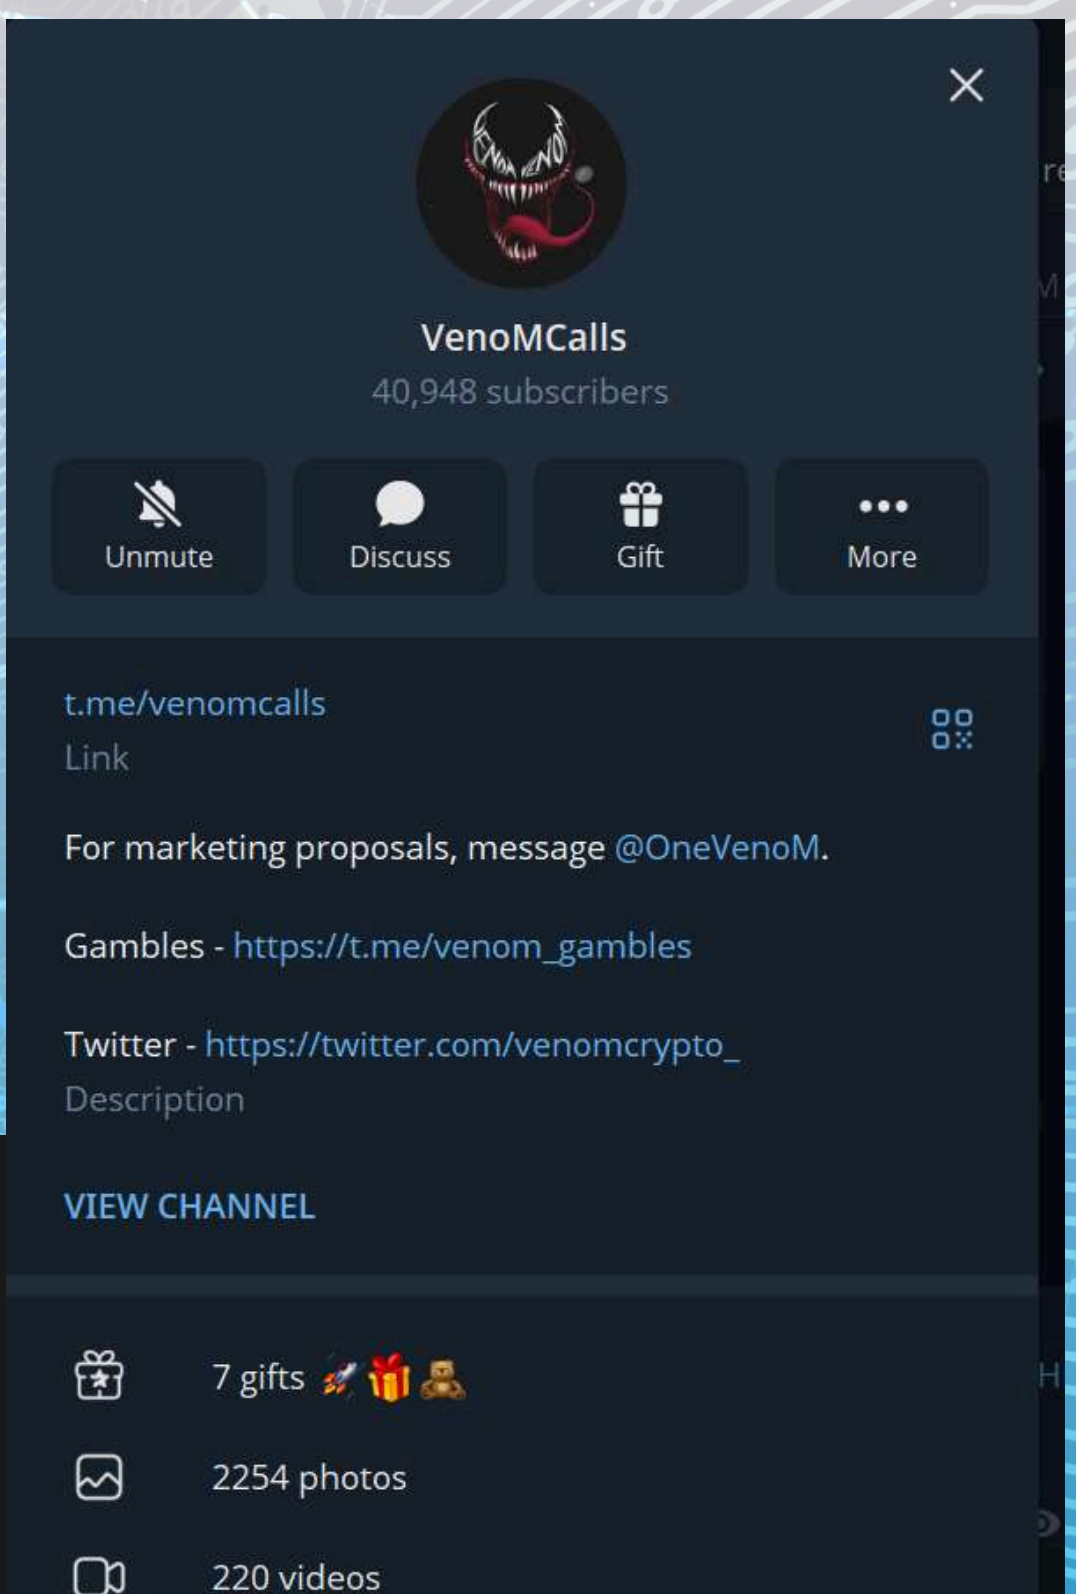

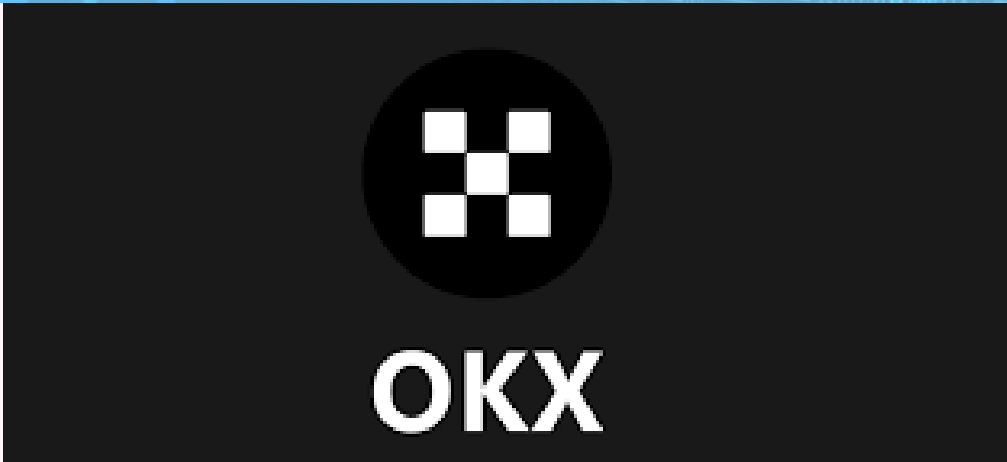

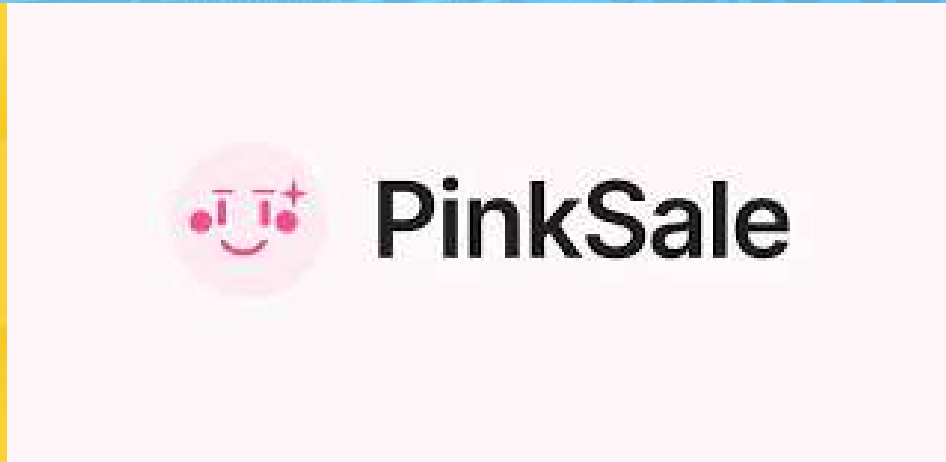

VIETERA has become the leading blockchain ecosystem in Southeast Asia, applying blockchain technology to agriculture, commerce, and digital finance.

EXPECTED RESULTS 2026

- ✓ VTA token has practical applications
- ✓ VIETERA ecosystem operates commercially
- ✓ Nationwide partner network
- ✓ Platform ready for international expansion
